

This diagram shows an exploded perspective view of a mechanical assembly. The main components are labeled with numbers: 11, 12, 13, 14, 15, 16, 17, 21, 22, 24, 25, 26, 31, 51, and 52. The assembly includes a central frame (13, 14) with various structural members (11, 12, 15, 16, 17, 21, 22, 24, 25, 26, 31, 51, 52) and a central shaft (15). The shaft is supported by bearings (16, 17) and has a central hub (14) with a central opening (13). The shaft is also connected to a central member (12) and a central member (11). The assembly is shown in an exploded view, with components 18 and 19 shown separately at the top and bottom right, respectively. Component 18 is a bracket-like part with two holes, and component 19 is a similar bracket-like part with two holes. The diagram is a technical drawing of a mechanical assembly, likely a pump or a similar device, showing the internal components and their relative positions.
